Dear Parents and Guardians:

My name is Katie Magee and I am the new Family Support Case Manager at St. Brendan School. This is a new part time position made possible through the support of Fidelis Care and the collaborative efforts of ADAPP, the Child Nutrition Program, and the Office of the Superintendent of Schools.

I am here to ensure that all families are aware of and can access various financial supports for which they may be eligible such as the National School Lunch program.

- Do you have questions or need help with forms that would allow your children to have free or reduced price lunch every day? I can help.
- Do you have questions about other government benefits? I can help.
- Perhaps you've had an unexpected change in your household income and it has become harder to make ends meet. Whatever the situation, I am available to discuss your questions and assist you in a confidential manner.

In the coming weeks I will be available for meetings by appointment at St. Brendan on Tuesdays, Wednesdays, and Thursdays. Anyone may contact me through my voicemail at 718-904-1333 x 72 or by email at [kmagee@adapp.org](mailto:kmagee@adapp.org). I look forward to joining the St. Brendan community and to speaking with you in the coming weeks.

Sincerely,

Katie Magee
