

September 12, 2018

Dear Parents and Guardians:

My name is Katie Magee and I am the Family Care and Support Case Manager at St. Brendan School. This is a part time position made possible through the support of Fidelis Care and the collaborative efforts of ADAPP and the Office of the Superintendent of Schools.

I am here to ensure that all families are aware of and can access various community supports for which they may be eligible such as, but not limited to, government benefits, health insurance and employment counseling.

- Do you have questions about government benefits such as SNAP, HEAP or Medicaid? I can help.
- Perhaps you've had an unexpected change in your household income and it has become harder to make ends meet. I can link you to community resources such as food pantries, soup kitchens and organizations that help with housing issues and rent arrears.
- Need a referral for mental health or substance abuse counseling? I can help.

I am available to discuss your questions and assist you in a confidential manner. Please note that I am not able to help with school tuition aid requests.

I will be available for appointments during school hours at St. Brendan on Tuesdays, Wednesdays, or Thursdays. Anyone may contact me through my voicemail at 718-904-1333 x 72 or by email at [kmagee@adapp.org](mailto:kmagee@adapp.org). Additionally, my co-worker Karina Molina-Duran is available to help families who speak Spanish and can be reached at [kmolina-duran@adapp.org](mailto:kmolina-duran@adapp.org) or 718-904-1333 x 77. I look forward to speaking with you in the coming weeks.

Sincerely,

Katie Magee
